

April 17th 2007 Update

Hello Double Helix Glassworks Customers and Friends,

Well, the photos must have spoken very well for us. Terra is temporarily out of stock. We are still in production so, don't panic. We'll be restocking the store throughout the week. We knew Terra would be popular. We prepared by doubling the amount we usually have when releasing a new color. Apparently, that was still not enough and Terra sold out overnight. We do apologize for disappointing those of you who haven't been able to order yet. We will continue producing Terra as long as needed.
