Aurae Light

Reduced, encased and shown over a dark background

You asked for it.
We made it.
Both the Aurae Light and Olympia Rain are only available from our website.

Olympia Rain

Reduced, encased and shown over a dark background

When Olympia Rain was replaced with Aion not all of you were happy. For those that still prefer Olympia Rain we made a few batches just for you!
Now, don't complain about the seed bubbles, or the over reduction; that's why we made Aion!

The Gallery: It disappeared when our website was migrated. To get it going again and make it more accessible to everyone we started a new Double Helix Glassworks Flickr group! Be the first to post and we'll send you a little prize!

Aether: Thank you for all the feedback you've given us on Aether. We haven't heard a negative thing yet! We'll keep you posted on our progress. We are almost there!
